# **STOP THE NT INTERVENTION STAND UP AND SUPPORT**

Since 2007, Aboriginal employment projects like the community development employment project (CDEP) have been wound back. Under the NT intervention many people on these projects have been forced to work in harsh conditions for the Basics Card. Mark Fordham, former CDEP co-ordinator for Ampilatwatja community, and Greens MLC David Shoebridge will talk about the impact of this policy and the campaign against it.
